From: Mercedes Saltzew
Date: 9.3.1977

I am writing to check whether you had all received the CWS summary of December, 1976 on P.L. 94-571 which amended the Immigration and Nationality Act by aligning the allocation of 120,000 visa numbers available for applicants born in the Western Hemisphere to the regulations governing the issue of visas and conditional entries to applicants from the Eastern Hemisphere.

If, by some oversight above was not forwarded to you please write and ask for a copy.
