Dear Martin

I'm just leaving today for three weeks. We decided with Barbro Ries, Assistant in the Migration Secretariat, to send you some "Migrations" - Además I send you my intervention in the ICM Seminario. And el 4 de agosto I will send you either the RISK book I wrote on the "Strangers within your doors" or the chapter on biblical reflection.

The ILO published a working paper on "Scarce skills and international migration in Argentina" by Jorge Guirici, Silvia Lepore, et Lelio Mármora. I send it also.

I think that when you will have well identified the problems you will take contact with WUS - CIM - and may be elaborate a project for the sharing system -

We will be in touch. Some Agencies paid attention, for example to the Haitian situation (refuges/migrants) -

Sincerely yours.

André
