Dear Brother:

We have been trying to reach you by phone several times, but have not been able to make contact.

Recently a Chilean in Canada brought to my attention the plight of Mr. Ramiro Mora in Buenos Aires. He should have come to Canada, but needs certain documentation which you may be able to supply.

Ramiro applied for a Canadian visa 2 years ago but was refused at that time. Now we believe he will be greatly helped if he has his original documentation.

A letter from a pastor in Argentina who has talked to him may be of great value to him in coming to Canada.

I do not have his present address in Buenos Aires although he may be known at San Antonio 1058, Barracas al Sur.

If you can contact him, or if he can contact you, you may be able to help him.

It would be good to hear from you. We are greatly concerned over your long silence. Please write.

Fraternally,

John M. Zimmerman
