Dear Mrs. de Ballesteros,

Dear Mr. Lukin,

We have received and studied your respective letters
of June 7th, 10th and 29th, 1977.

The Association for the Protection of Refugees has
on May 30th, 1977 received our grant of US-\$ 10,000.-
towards the upkeep of the Santa Rita Home on 1977.

As regards the US-\$ 4,000.- mentioned in our letter
of May 18th, these were placed at the disposal of Tolstoy
Foundation at the request of Mr. Lukin to be used as per
capita grants to inhabitants of above Home during the current
year.

Judging from above correspondence there seems to have
arisen between you some disagreement over this, in that
the Association expects a general contribution whilst
Mr. Lukin insists on per capita payments.

It really is quite impossible for us to asses the merits
or demerits of either from here, therefore we suggest that
you talk this over with Mr. Robert Muller of UNHCR and use
the US-\$ 4,000 according to his advice.

We take this opportunity to remind you that future
requests should be discussed with Rev. Emilio Monti of
CAREF, who will transmit them to Geneva.

Best wishes,

Yours sincerely,

Mercedes Saitzew
