Dear Pastor Monti,

We have been informed by Stichting Holland of their plans for a fund raising campaign to be held in October under the motto "Vluchteling 1976" (Refugee 1976).

Mrs. A.E.A. Went-van der Vring writes that the emphasis will be on permanent solutions for refugees in various continents, including 2.500 refugees in Latin America.

For the documentation of their campaign Stichting needs descriptions of integration proposals for individual refugee families and single refugees. I am underlining individual because Mrs. Went already received copies of our report on Latin America and our Regional Project request for 1977 (with the description of some group Projects in Argentina); however, as the proposed campaign puts the accent on individual integration we look forward to receiving from you the necessary number of individual project proposals as per enclosed sample in the near future. Your proposals need not be quite so exhaustive but it will give you a basic idea of what is required (for this campaign and in general).

With best wishes,

Yours sincerely,

Mercedes Saitzew
